

INSTRUCTIONS TO CONNECT TO KINGDOM HALL

Location: _____

PIN: _____

USING YOUR COMPUTER OR TABLET

On your PC or mobile device, open a browser and go to

<http://metroconf.com/listen/>

Type the PIN into the 'PIN' field.

Fill in the rest of the fields (Name, Your Phone Number, and # of Listeners).

Click the Submit button and you will be forwarded to the streaming page that will start the audio program.

Please note: The conferencing system usually connects at least 15 minutes before the program begins. If you try connecting before it is connected via the online procedure, it will tell you that the Kingdom Hall is not connected. Either try again later or stay tuned until the Kingdom Hall connects.

USING YOUR TELEPHONE

Dial 1-844-221-2100

Select option 3 for "calling from home".

Enter the PIN. If this is your first time calling in to listen to the Kingdom Hall, please follow the prompts to record your name and number of listeners.

If you need to change any of the information, including the PIN, you can press 0, instead of pressing 3.

(The system will remember the Caller ID and will not require the conference code to be entered again for the same number.) The system will inform you to hang up to receive a call back.

Please note: To avoid missing the opening song and prayer, make sure to call well before the program begins. If the Kingdom Hall is currently connected you will be called within a minute or two. If the Kingdom Hall is not connected you will receive a call back once the sound system is connected.
